

Half of neurodivergent
adults
have been
discriminated against
when looking for a job

A fifth
of neurodivergent
adults have been
laughed at because of
their neurodiversity

One in six
neurodivergent adults
have had job offers
rescinded because of
neurodiversity

Steps we've taken...

Autism awareness training
for hiring managers and
employees in partnership
with Ambitious About
Autism

Sensory maps of our workplaces help neurodivergent employees find the best working environment, depending on temperature, noise, smells and traffic

Removed subjective language and unnecessary qualifications from job descriptions. All roles offered on a part-time or job-share basis, with flexible working options
